100% PURE CEYLON CINNAMON

By:
ADSAL (PVT) LTD

Taste. Natural. Feel the Glamour

CEYLON CINNAMON

سيلان قرفة

Ceylon cinnamon is particularly popular because it has low levels of coumarin compared to cassia cinnamon. It is the only true cinnamon. It has the best medical values in the world.

About Ceylon Cinnamon

Ceylon Cinnamon (*Cinamomum Zylanicum*) a plant indigenous to Sri Lanka is a moderately size bushy ever green tree.

Cinnamon grown and produced in Sri Lanka has acquired long standing reputation in the international market due to its unique, quality, colour, flavour and aroma.

Grades of Cinnamon

Given below are the most common grades that the company has been dealing with.

- Alba
- C5 Special
- C5
- C4
- M4
- M5
- H1
- H2

Packaging Options

We use clean, dry packages for Cinnamon packaging. Therefore, it protects the cinnamon nutrition facts and the moisture level.

For the retail market, we have the capacity to arrange any type of packaging. For example, cinnamon boxes, tin, and gift pack-type packaging.
