# We Are Inivos

# Intro

Established in **2019**, Inivos embarked on a transformative journey, crystallizing core values that paved the way for ongoing evolution.

We're a team of skilled professionals, collectively aligned under the Inivos banner, dedicated to guiding our clients through their digital transformation journey. Throughout the years Inivos has achieved significant milestones, such as being recognized as the **IFS Silver Channel Partner (2022)**, achieving Second Runner-Up in the **IFS Service Partner of the Year (Mid-Market) 2023**, and winning the Team of the Year award in **Asia Business Management 2023**.

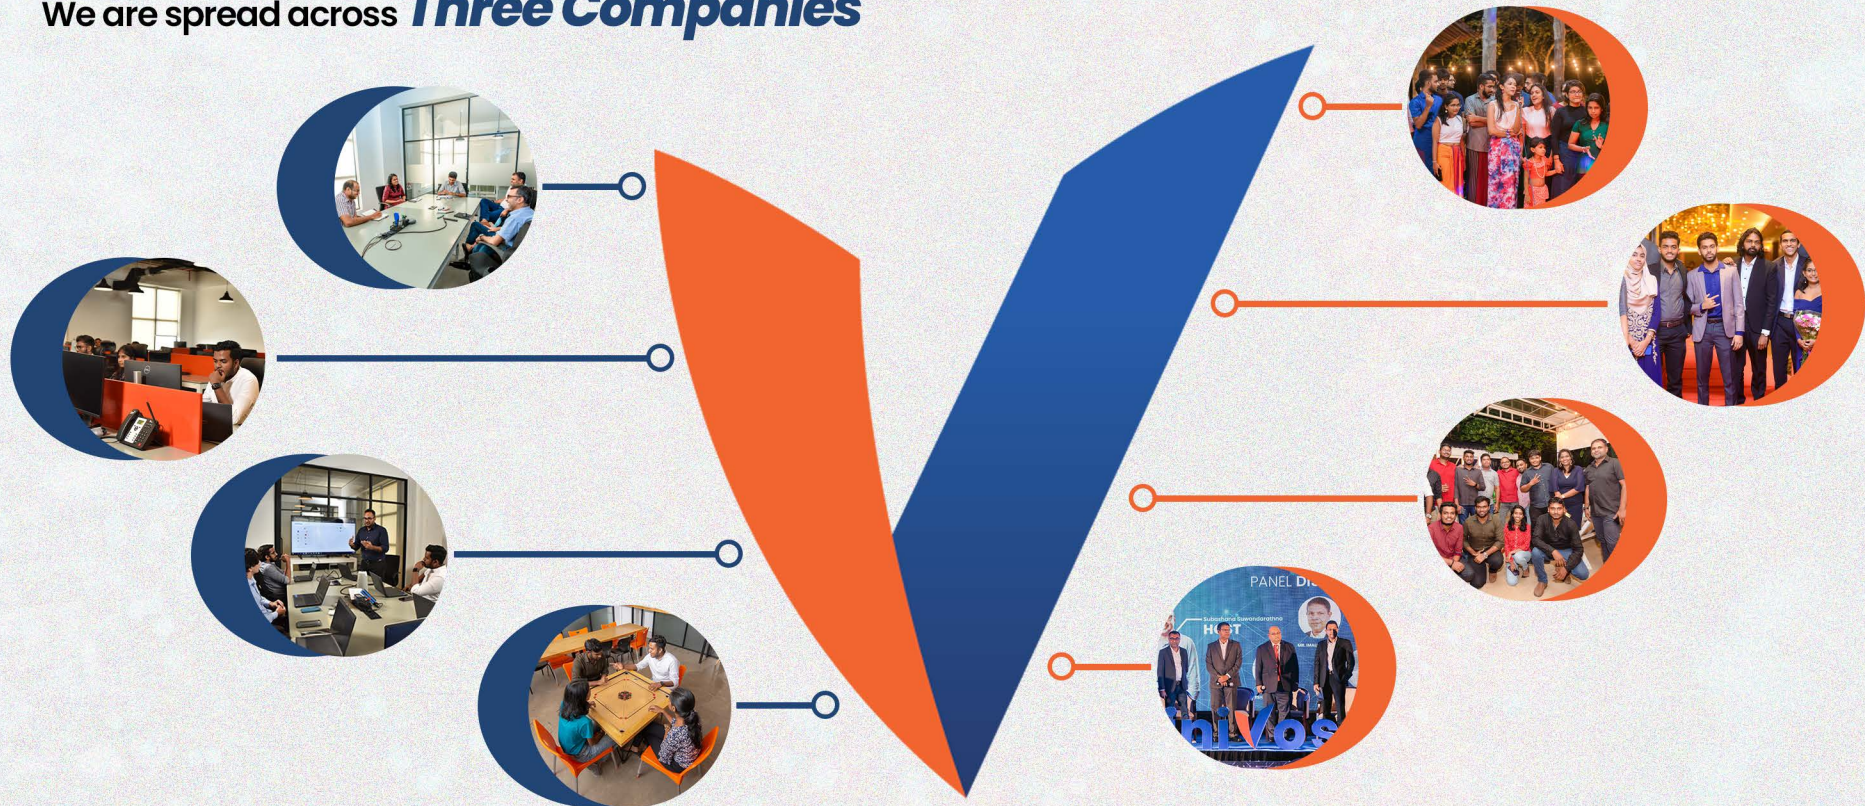

Celebrating five years of excellence, we've become a unified force committed to propelling our clients into the digital future.

## Client *Testimonials*

Don't just take our word for it – Listen to the Voices of Success

“

INIVOS was hired to create third – party apps for one of our core product platforms. INIVOS' apps have left a lasting impression on us. The apps are simple to use, efficient, and have increased client engagement significantly. INIVOS operational and management teams are always available for assistance and provide quick and effective solutions to any problem that arise. We have engaged them on several other projects, including staff augmentation, because of their work ethics and delivery. The staff is technically sound and always has a “can – do” attitude. INIVOS comes highly recommended by us.

**Senthu Jegadheeshan**  
CTO – PenCS

”

“

Coding is not software development, taking on projects and half delivering what is promised are all too common in the software industry, but with Inivos not only the experience was superior, but also the delivery was outstanding. Taking time to understand the requirements and working tirelessly to deliver more than what is promised was my experience with the team. That's why we have selected them as our preferred software development company. They are an addition to our team to develop and deliver our entire software portfolios.

**Dan Wijeratne**  
CEO – Modern Innovations Pty Ltd

”

“

Implementing the IFS ERP solution was a complex task, but Inivos demonstrated exceptional commitment. Their team conducted on-site interviews at Airport Aviation, understanding our business processes. Leveraging their expertise, they proposed multiple IFS solutions. Despite the unforeseen challenge of COVID during implementation, Inivos adapted seamlessly, transitioning to remote work schedules. Their resilience and proficiency ensured the successful integration of the ERP solution into our business processes. We appreciate Inivos for overcoming obstacles with dedication and skill.

**Lilan Wijesiriwadena**  
Deputy Head of IT  
(Airport Aviation)

”

“

Working with inivos was an absolute delight. Their team of consultants understood our unique needs and challenges, and they provided the most suitable solutions tailored to Empire Teas. They developed a solution with an extension for Tea blending & auctioning, that was very important for the industry. Their consultants guided us every step of the way, ensuring a smooth transition and helping us leverage the full potential of the digital tools at our disposal. Thanks to inivos, we have now streamlined our processes, with has led to increased efficiency.

**Jeewaka Liyanage**  
General Manager – Operations  
(Empire Teas)
