

Auto Link Combined Corporate Profile and Services Portfolio

1.0 About Auto Link Combined

Auto Link Combined Pvt Ltd commenced operations in April 2015 with the aim of consolidating on the diverse strengths of its founders with a vision to develop Agro and Mineral based industry by engaging in trading of Sri Lankan products such as spices, seeds and grains in both the local market and export markets and managing the supply chain, enabling the global consumers to know more about and benefit from products made in Sri Lanka which have hitherto been relatively less known and achieve a stable supply chain in the process.

Auto Link Combined also has also diversified into multiple sectors including fuel transportation and prime mover (14 wheeler) cargo truck operations in the Sri Lankan market by way of its fleet of tanker trucks, trading of mineral and petrochemical products in GCC region through our group company Autolink Combined Hongkong Ltd (an entity Audited under Hong Kong law, with revenues exceeding USD 2 million), import and distribution of pharmaceutical and nutraceutical products in the Sri Lankan market under its subsidiary entities Medilink Pharmaceuticals Pvt Ltd and Sirona Pharmaceuticals Pvt Ltd, who are the sole agents in Sri Lanka for Juviana Plus, a patented drug for neuropathic pain relief produced by Celaganex Research India (Pvt) Ltd, in addition we are bringing down several other supplement products for Neuro pain relief and Vitamin D and Fish Oils. Autolink Combined is also involved in food products manufacturing and trading (export of Ceylon Cinnamon and spices to India, USA and South America, import and local distribution of corn seeds for poultry farms and processing and export of wood shavings for the GCC poultry market specifically Al Saffa Foods, Oman). Autolink Combined Pvt Ltd has passed inspections and registrations for ISAFSA and USFDA as an authorized supplier of Ceylon Cinnamon and spices products for Indian and USA markets respectively.

Auto link Combined group also has plans to diversify into other sectors such as tires and food supplement products in the GCC market by way of its entity under establishment EON Trading WLL, Bahrain (Trading 163900 – 1)
