SCATTERED HARVEST FRUITS & VEGETABLES TRADING L.L.C.

Scattered Harvest (SH) is an entity which is based in UAE trading premium fresh produce from Sri Lanka. SH envisions to be a trusted global brand for quality Sri Lankan produce. Operations are backward integrated with many supply sources including our own farms and directly managed farms. Scattered Harvest strives to ensure consistent supply & quality at the best price.

Scattered Harvest is ISO 9001: 2015 & HACCP certified, and our team ensures that the customer requirements are embedded in our processes to deliver what we promise.

About us

Cutting-Edge Farming Techniques

We have made significant investments in the latest farming methods and training. Our dedication to staying at the forefront of sustainable agriculture ensures that we can deliver the freshest and healthiest produce to our customers.

Abundant Fertile Land & Ideal Climatic Conditions

Sri Lanka boasts weather and soil conditions perfectly tailored to cultivate a diverse array of crops. With its tropical climate, abundant rainfall, and fertile soils, Sri Lanka provides an ideal environment for the cultivation of a wide range of agricultural products.

From lush tea plantations nestled in the misty hills to vibrant spice gardens and thriving fruit orchards, the island's agricultural landscape is a testament to its rich natural bounty and agricultural prowess. Whatever the crop, Sri Lanka's climate and soil conditions offer the perfect foundation for growth, ensuring quality, abundance, and diversity in its agricultural output.

Steadfast Supply

At Scattered Harvest, we understand the importance of consistency in the supply chain and our integrated value chain assures consistent supply of produce through our extended farmer base despite the season.

Meeting Global Standards

We take pride in our ability to meet and exceed global standards for farming. Our practices adhere to stringent international guidelines, ensuring that our produce is of the highest quality and purity. Scattered Harvest is also ISO 9001:2015 and HACCP certified, further demonstrating our commitment to safety, consistency, and excellence.
