# WORKFORCE STRUCTURE

# WE ARE EXPERTIZED IN

## Custom Software Development

Custom software design can be complex, but it's often the best solution for businesses that want to own their code and require an end product with large processing power, storage, and scalability.

## Software White-labeling Services

IT staff augmentation is a service designed to add extra talent to your team on an on-demand basis. Scale your business quickly with our list of top on-demand IT engineers, ready to join your team and swiftly accomplish high-value projects.

## Web Design

A bespoke website can elevate your online presence, helping establish your brand's credibility and increase business opportunities. Reach more people with a sophisticated website and work with a reliable web development partner.

## E-commerce Development

The e-commerce industry has been steadily growing in the last few years. That's why companies and businesses are partnering with E-Commerce Developers to develop their online presence further.

# WE ARE EXPERTIZED IN

## Cloud Infrastructure Management Services

Looking for leading cloud consulting companies? Sanmark experts are the best cloud consultants capable of helping design, develop, and/or maintain custom cloud solutions, as well as migrating data to the cloud.

## Software Project Management

At Sanmark Solutions, we carry out software development projects ourselves, which is why our project managers and scrum masters have the right amount of expertise and experience working in various different industries.

## Industrial Software and Data Solutions

We have immense experience working in diverse industries and creating software solutions for diverse business models, which means we are your best option when it comes to industrial solutions like software, applications, and industrial data solutions.

## UI/ UX Design

As a reputed UI/UX design agency, we offer services that surpass your expectations.

# TECHNOLOGY EXPERTISE

# KEY CLIENT PRESENCE

# WHAT OUR CLIENT SAY

**Orion Bukantis, LogicalIncrements.com**

"Thousands of hours later, I am still very happy with them. They do excellent work with honest accounting. Highly recommended!"

**Don Gunawardena, Owner, VisitColombo.com, Sri Lanka**

"In addition to their technical prowess, the team at Sanmark valued customer satisfaction."

**Nadeesha A. Watawala, Co-Founder, Director & CEO, Metaphase Global FZC LLC,  
United Arab Emirates**

"They were fully committed to delivering and well-knowledgeable in their areas of work."

# WHAT OUR CLIENT SAY

**Geff Harper - Australia**

"I can thoroughly recommend Sanmark."

**Andrew Schulz, President, The Insight Studio, Bozeman, Montana**

"They were organized and very communicative!"

**Chris Bastin, Owner of Bidder.com.au  
Brighton, VIC, Australia**

Sanmark have undertaken a complicated IT project from scratch for us. The entire team have proven to be professional, reliable and skilled. They are a pleasure to deal with and we continue to use their services for new features and updates to our platform.

# WHAT OUR CLIENT SAY

**Nyoli Scobie, Founder of Truly Tea**  
**Byron Bay, NSW, Australia**

“Hello, my name is Nyoli. I am the owner of Truly Tea in Byron Bay, Australia. I’ve been working with Sanmark for many years now. Whenever I need anything done, I just have to send a quick email, and the very efficient staff jump right on to it.

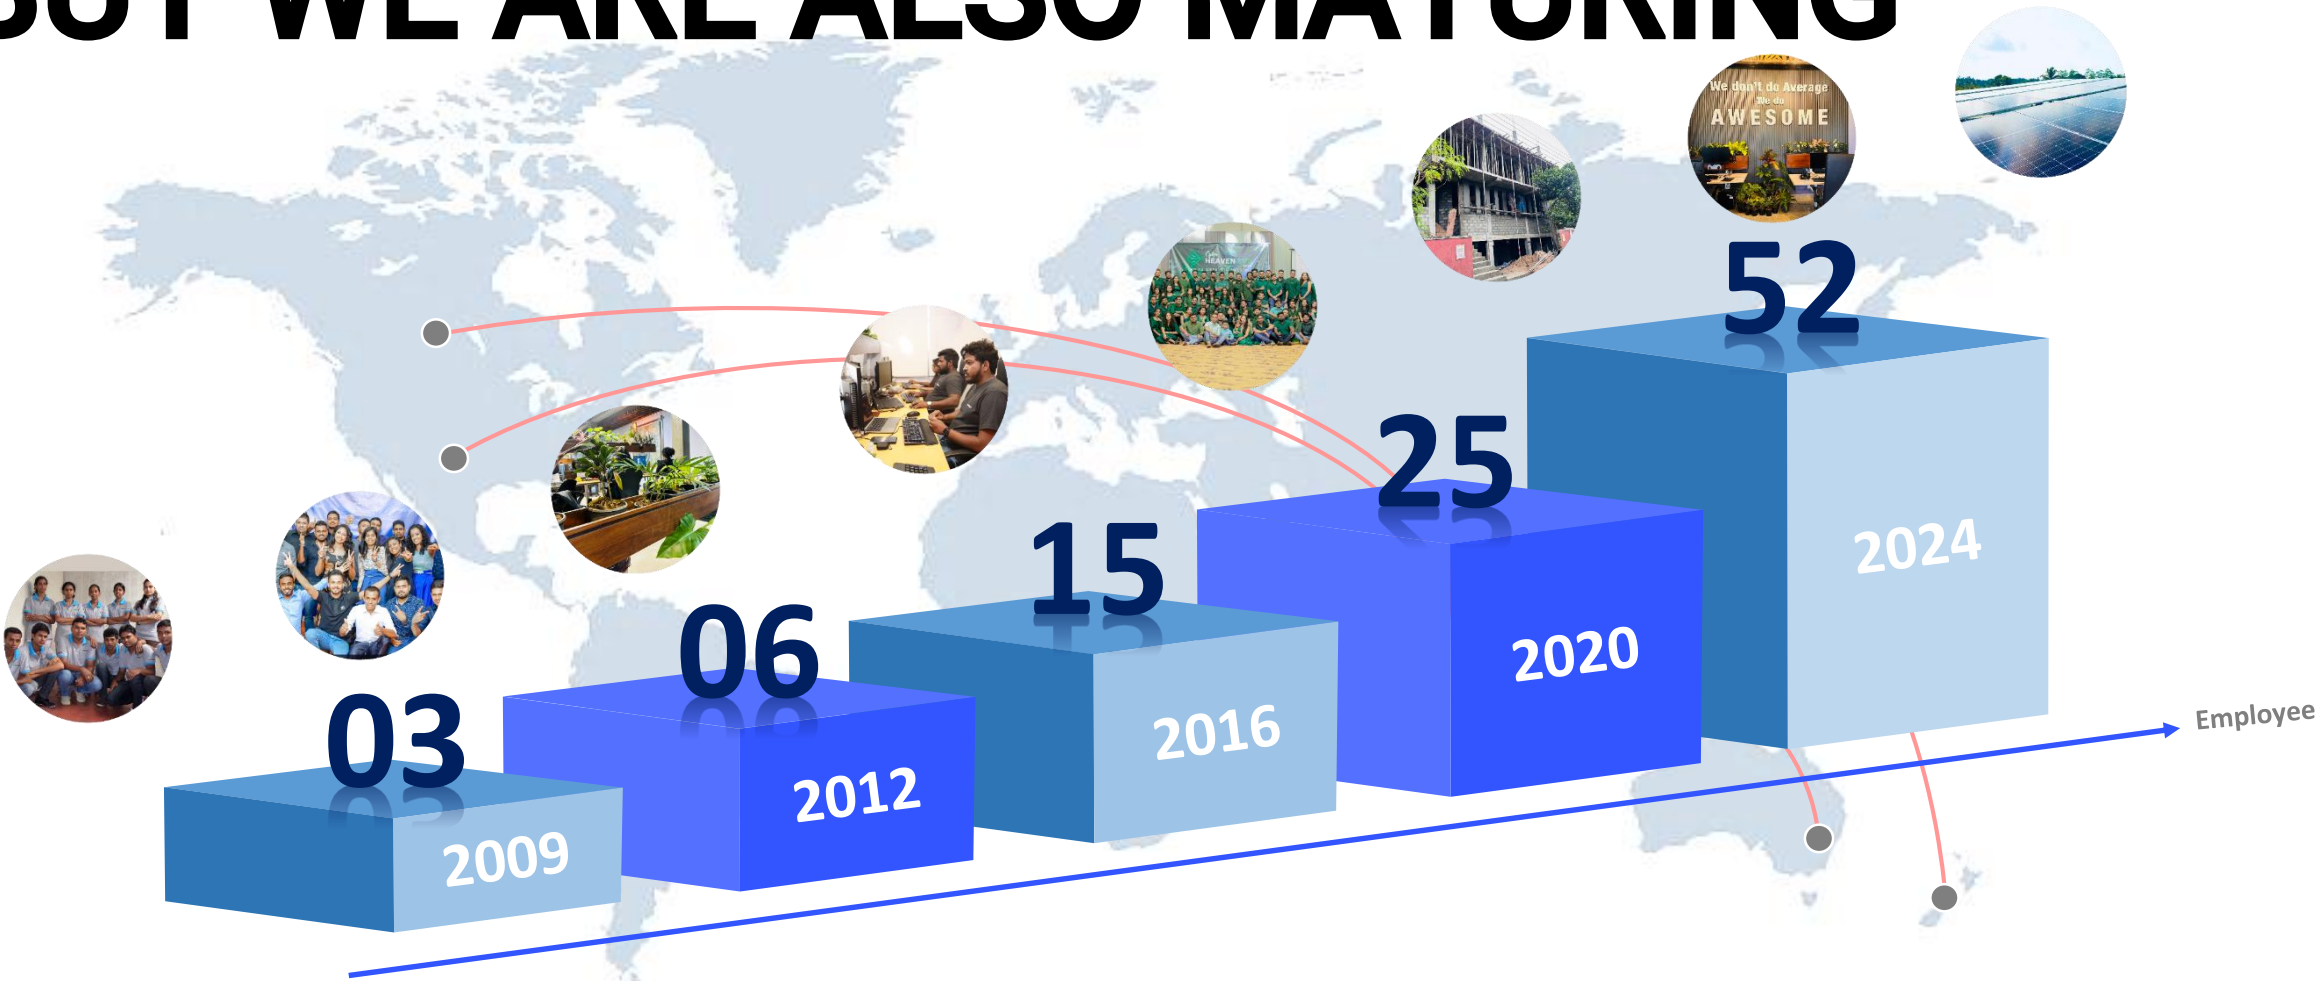

They are very open and honest. I would recommend Sanmark to anyone.”

**Fraser Gordon , Head of People & Culture Engaging.io**

We've partnered with Sanmark for several years now. Quick to reply, eager to help, and culturally they have great values and passion, and clearly care about both our business and their team. Our dedicated team at Sanmark are every bit as much of our business and culture and they are Sanmark's and it works really well. Would highly recommend them to any business looking to partner with a offshore business with great tech resources.

# WE ARE GROWING, BUT WE ARE ALSO MATURING

# WHY CHOOSE US?

High Quality, Fast Delivery, Efficient Communication,  
Affordable Pricing, Experience, High Security,  
Flexibility, Updated Technology.
