

Kuvi International (Pvt) Ltd

Profile 2020

www.kuviceylon.com

Kuvi International Private Limited is a leading organic products trading in Sri Lanka owned by two successful Sri Lankan entrepreneurs.

The company successfully kicked off its operation to maintain its leading and pre-eminent position in the global organic products industry and attach a high degree of eco-friendly Sri Lankan touch to face the competitive challenges in the emerging wellness drinks market in the global business sphere. In a contemporary business endeavor, the company is able to launch a variety of authentic organic products mixed with exotic and indigenous natural taste additives to compete in the international market. The most significant feature of the product is the attractive pricing encased in a pyramid-shaped sachet packets to retain the confidence of the international tea drinkers in any country. This brings about the highest ever customer satisfaction by any Sri Lankan organic products and we have dedicated ourselves to enhance our existing organic products taste related technology to maintain the finest quality of a series of organic products offered by our company.

The company provides tasty and diversified herbal and organic products through a network of local and overseas suppliers in London, Moscow and France.

Black and Green Tea Range

Tea is grown and manufactured in numerous parts of the world and is blend and / or drunk in many more countries. People have enjoyed tea (Camellia Sinensis) as an invigorating and refreshing beverage. Today the natural healthful properties of tea are being rediscovered. Black Tea and Green Tea naturally contain flavonoid antioxidants which may help protect the body from the damage caused by harmful effects of free radicals. Truly a good tasting tea for all traditions. Close your eyes and take a refreshing trip to the tropics with each sip of our outstanding flavoured and herb tea.

Wellness Tea Range

Ayurvedic Tea is a proprietary blend of Green tea processed in ancient Sri Lankan method with natural Ayurvedic herbs such as Hathawariya, Asamodagam, Gotukolla & Garcinia leaf. The word "Ayurveda" is derived from Sanskrit words. "Ayur" meaning life and "Veda" meaning science or knowledge. In Sri Lanka, we have a traditional Ayurvedic system from our past years. We use our past experience with modern technology to provide an Ayurvedic beverage to your competitive life. See the difference in our natural Ayurvedic beverage.

Sri Lankan Organic and Conventional Spices

Aromatic vegetable product used as a flavouring or condiment. The term was formerly applied to pungent and aromatic foods (e.g. gingerbread and currant). Modern usage tends to limit the flavouring used in foods and drinks although many spices have additional commercial uses. As ingredients of medicines, perfumes, incense and soaps, we have a good range of spices especially organic like black pepper, white pepper, ginger, nutmeg, cloves, cinnamon, mace, lemongrass and any kind of spice organic or conventional.
