- **MISSION**

Our corporate ambition is to offer our customers a product that would be both pleasurable and uplifting. We have identified the pulse of the consumers, and have launched products with 100% natural ingredients, to enhance the lives of our customers.

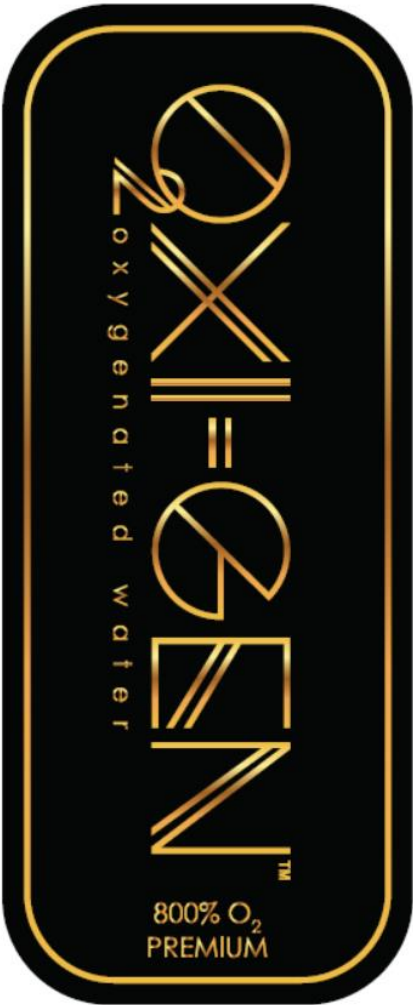

• OUR STORY

- Honorable Beverages (Pvt) Ltd., was established in January 2015, with the sole aim of penetrating the global market, as a Sri Lankan owned beverage company.
- A skillful man related to shipping and logistics and his beloved wife, joined hands and shared their vision of establishing a beverage company, and Honorable Beverages was birthed. The word 'Honorable' captures the very essence of the products. The collective aim was to build a brand that would satisfy market needs. To do this, it was imperative to conduct a consumer survey, identify their needs, and supply a product that would meet the current demands of the consumer. A merchandising blitz was launched, specifically targeting potential niche markets, with the prime objective of making inroads into the international arena. So, our journey began.....
- Our company, based in Sri Lanka, has impacted Western and Eastern countries across the world, with a fusion of tastes that meet their cultural criteria. Our renowned brands continue to carry 'Sri Lanka' as the country of origin.
- Honorable Beverages is the brew that cheers health conscious individuals. Its premium quality adds value to life, whilst respecting distinct preferences. It is a thirst quencher, par excellence, and certain beverages assist in alleviating stress by producing a calming effect. It keeps you refreshed and energized throughout the day.
- Each product is meticulously manufactured using cutting edge technology, strictly in adherence to global manufacturing practices and processes. We believe that Honorable Beverages will reach the pinnacle in its category, and be the preferred choice of beverage of our valuable customers, worldwide.
